

End of Life (EOL) Announcement – Select RTUs

March 23, 2011

Select models of Sixnet RTUs will be end of life (EOL) in 2011. These RTUs have similar functionality to RTUs already offered. In order to reduce the Sixnet SKU count RTU models with similar functionality to the EOL models will be their replacement.

The list of RTU products that are going end-of-life is following:

ST-GT-1210
ET-GT-ST-3

Customers of the EOL RTUs should note the following conditions:

- Orders must be placed by December 31, 2011
- 12 week lead-time for first deliveries of EOL orders should be expected
- Shipments may be scheduled through June 29, 2012
- 30% cancellation charge
- Three month notice for:
 - Order cancellation
 - Delivery reschedule
- May only reschedule a PO line item once
- Delivered product is not returnable
- Repair, replacement and support will be available until March 28, 2014

EOL Replacement Chart

The chart below provides Sixnet's suggested RTU migration path:

Legacy Product	Replacement RTUs
ST-GT-1210	ST-IPm-6350 or VT-IPm2m-113
ET-GT-ST-3	ST-IPm-6350 or VT-IPm2m-113
